Report of the statutory auditors

On the financial statements per

31 March 2020

FIDUCIAIRE
DEUBER & BEURET SA

Report of the statutory auditors on the limited statutory examination to the general meeting of PYLANIA SA, Grandval

As statutory auditors, we have examined the financial statements (balance sheet, income statement and notes) of Pylania SA for the year ended 31 March 2020.

These financial statements are the responsibility of the board of directors. Our responsibility is to perform a limited statutory examination on these financial statements. We confirm that we meet the licensing and independence requirements as stipulated by Swiss law.

We conducted our examination in accordance with the Swiss Standard on the Limited Statutory Examination. This standard requires that we plan and perform a limited statutory examination to identify material misstatements in the financial statements. A limited statutory examination consists primarily of inquiries of company personnel and analytical procedures as well as detailed tests of company documents as considered necessary in the circumstances. However, the testing of operational processes and the internal control system, as well as inquiries and further testing procedures to detect fraud or other legal violations, are not within the scope of this examination.

FIDUCIAIRE
DEUBER & BEURET SA

Based on our limited statutory examination, nothing has come to our attention that causes us to believe that the accompanying financial statements and the proposed appropriation of available earnings do not comply with Swiss law and the company's articles of incorporation.

Cortailod, 22 June 2020

Continued operation

On March 16, 2020, the Federal Council declared the extraordinary situation according to art. 7 of the law on epidemics (LEp) following the pandemic due to the Coronavirus COVID-19. The restrictions linked to this decision will have significant impacts on the Swiss economy and the companies active in Switzerland.

To date, the financial impacts associated with COVID-19 and the subsequent restrictions that society will face cannot be measured reliably given the uncertainty as to the duration and severity of the pandemic.

The Board of Directors has already defined and implemented certain measures to meet short-term liquidity needs and is closely monitoring the development of the situation in order to take decisions adapted to these exceptional circumstances.

The board of directors has no doubt as to the company's ability to continue operating.

Evaluation of Risks

Management has evaluated from time to time risks the company runs and taken - if necessary - appropriate measures.
